HELP US CONSERVE

We are focused on conserving water locally and reducing waste globally.

We will make your bed every day. If you would like your linens changed, please place this card on your bed in the morning.

If your towels are considered clean, kindly hang them up on the towel hook.

HELP US RECYCLE

As fellow stewards of our planet, please place all recyclable materials in the **green recycling bin** (i.e. empty bottles, papers, boxes, newspaper, magazines, soda cans).

All trash should be placed in the **black bin** (i.e. styrofoam, tissues, napkins, straws, disposable cups, food).

THANK YOU FOR CONSERVING OUR RESOURCES AND PROTECTING OUR PLANET.

The Barclay's Sustainability Program aligns with the United Nations 2030 Agenda for Sustainable Development, and strives for a luxury hospitality experience in harmony with social, economic and ecological consciousness.
